Profile

🚀 Passionate Computer Science Student | ASP.NET Junior Developer Aspirant

Hello there! 👋 I am Mahmoud Salah Mahmoud, a dedicated and enthusiastic computer science student with a good foundation in programming and a keen interest in web development using ASP.NET. Eager to leverage my skills and contribute to dynamic projects, I bring a unique blend of theoretical knowledge and hands-on experience.

🖥 Technical Proficiency:

Proficient in programming languages such as C#, Java, and C++.
Solid understanding of data structures, algorithms, and solid principles.
Familiar with front-end technologies like HTML and CSS

🌐 GitHub Contributions:
Check out my GitHub profile for a closer look at my coding style, project contributions, and commitment to collaborative development.

🔍 Career Goal:
Aspiring to launch my career as an ASP.NET Junior Developer, I am eager to apply my knowledge and skills to real-world projects. Excited about the prospect of contributing to innovative solutions and continuously expanding my skill set.

Skills

- ASP.NET
- OOP
- Data structure
- SQL server
- problem solving
- C++
- java
- C#
- HTML5
- CSS

Languages

- English : Very good
- Arabic : Native

Projects

Phone Shop ⬀
Involved in creating an e-commerce website to buy and sell phone parts using asp.net for the backend and html, CSS and JavaScript for the frontend.

simple website ⬀
simple website template using html and CSS

Data structure ⬀
some implement to common Data structures using C++

Awards

I got the 12th place at my university level in Upper Egypt in the ECPC qualifying competition.

Education

Bachelor of Computer Science, *Assiut university*
September 2021
GPA : 3.62
Expected Graduation Year 2025
